

FROM CONVENTIONAL
TO *Extraordinary*
THE POSSIBILITIES ARE UNLIMITED

A family owned company since 1949, Hoover Canvas Products has been the leading manufacturer of awning products for all types of applications.

Hoover awnings are seen in all the best places — shopping malls (Sawgrass Mills, Boca Town Center, Galleria), restaurants (Cheesecake Factory, Legal Seafood, ER Bradley's, JB's On The Beach, Oceans 234, & Many more!), office buildings everywhere and hotels (4 Seasons, Colony Hotel, Marriott Hotels and Resorts, The Breakers and More!).

Awnings offer endless possibilities for enhancing a building's beauty and décor. Awnings add shape, dimension and color. In addition to providing functional elegance, a Hoover awning can save you up to 25% on cooling bills and create a more comfortable atmosphere that is 12 degrees cooler.

We regularly work with contractors, designers, architects and engineers. Whether we're executing an architect's concept as-is or coming up with ideas from scratch, Hoover's experience and design capabilities have you covered.

Hoover has won over 80 national and international trade awards for excellence. We deliver and stand behind the very best products available. We invite you to come to either location at any time and see the care and quality that goes into every product. From the smallest window awning to the largest structures, each job is constructed with the precision and care that make a Hoover product the very best, because "Quality is what the customer ordered!"
